

Why can't I create a site?

The Create a Site option on the Myplace Help menu allows users to create a number of different sites on Myplace. However not all users can make use of this facility.

- [Students](#)
- [Temporary Staff](#)

Students

Student users of Myplace cannot create a personal site. This includes PGT students.

Temporary Staff

Users who have Myplace access via the Temp Staff process currently do not have the ability to create a **Personal Site**.
