

How can I see the visibility of grade items easily?

The display of the show/hide icons in the gradebook **whilst in editing mode** has recently been updated to be **On** by default.

One of the useful preferences you can set in your Grader Report Preferences will display additional icons indicating the visibility state of grade items.

1. Go in to the **Grade** book
2. Access the **Preferences: Grader Report** item in the **Setup** section of **Grade Administration**

3. In the **Show/hide toggles** section set the **Show show/hide icons** to Yes (or No if you wish to hide the icons.)
4. Click on **Save Changes**
5. Return to the Grader Report
6. Click on the **Turn editing on** option
7. An additional eye icon should appear next to categories, grade items and individual student grades.

The icon appears as an open eye () if the item is visible and a crossed out eye () if the item is not visible to students.
